About Me

I'm a Dubai-based designer with a **First Class Honours BA in Digital Media and Communications** and 6+ years across brand, UI/UX, motion and video.

Today I lead design for **MultiBank Group's mb.io**, pairing design craft with generative AI and agentic workflows (Claude, Hermes, Higgsfield, Kling) to ship more, faster.

Work Experience

MultiBank Group Dubai, UAE — Mar 2026 - Current

Lead Designer · mb.io

- Lead design for **mb.io**: **2,900+ creatives** since Mar 2026 across **social, ads, video, email, print.**
- Built **Claude Code / Hermes agent pipelines** automating briefs, resizing and QA.
- In-house **AI video and imagery** with **Higgsfield, Kling, Nano Banana, Sora.**

Bybit Dubai, UAE — Aug 2025 - Dec 2025

Creative Design Specialist

- Delivered **1,000+ creatives** in five months for **20M+ users.**
- Integrated **Sora, Runway ML and ChatGPT** into the pipeline: **2.5x output.**
- Kept **brand consistency** across **5+ global platforms.**

SilverFern Digital Dubai, UAE — Oct 2024 - Aug 2025

UI UX Designer

- Led end-to-end UI for **Lulu Group, Sobha Realty, EDC and VerifyBuy.**
- Built **Figma component libraries**, cutting dev handoff friction by **30%.**
- Ran workshops and **interactive prototypes** to validate journeys.

UI UX Design Intern

- **Designed** and **prototyped** web and app pages; wireframes, user flows and **user research.**

My Skills

- Generative AI · Image & Video
- Agentic AI Workflows (Claude, Hermes)
- Graphic & Brand Design
- UI / UX Design & Prototyping (Figma)
- Video Editing & Motion
- Creative Direction & Leadership
- Emerging Tech (VR / AR)

Work Experience

Blu Side Studios California, USA — Mar 2021 - Oct 2024

Multimedia Artist / Graphic Designer

- Designed **album covers** based on songs provided.
- Designed a **concept redesign** of the website.
- Designed **clothing mock-ups** for the brand and various clients.
- Produced logo animations and various other design projects as required.

Zest F.C Chaiyupum, Thailand — Jan 2020 - May 2021

Graphics / Apparel Designer

- Worked as a graphics designer, while also creating **apparel designs and mock-ups**
- Created **logos**, designed various posters and requested designs
- Explore more
- Created **custom** designs for presentation and visualization

Projects

Project Management – VR Game Development ("Astrolympics")

Role: **Project Manager**

I was tasked with **managing a team** to develop a VR game on Unity

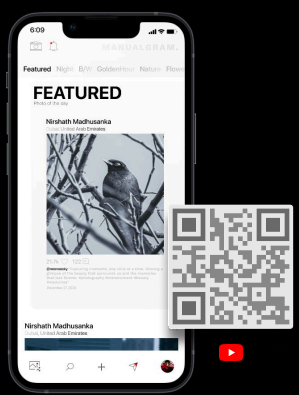

- Crafted a production strategy and **organized tasks into weekly sprints using Trello.**
- **Assigned roles** and **monitored progress** for on-time project delivery.
- Conducted testing on **Oculus Metaquest 2**, making gameplay adjustments.

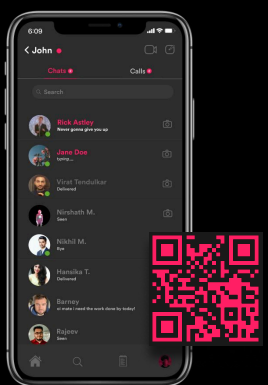

Solo App Design and Prototype - "Manualgram"

Role: **UI / UX Designer | Prototyper**

I designed an app prototype from start to finish as a solo project.

- Developed a complete app prototype **independently.**
- Created **essential documents** like pitch and brand kit.
- Designed both **low and high-fidelity prototypes** in Figma.
- Conducted **user testing** to enhance design based on feedback.

Creative Direction | Team App Design - "Freelancr"

Role: **Creative Director | Prototyper**

I led a team in designing a concept app called 'Freelancr'

- Led the design of the 'Freelancr' **app concept.**
- **Delegated tasks** and ensured project deadlines were met.
- Developed both **low-fidelity and high-fidelity** prototypes.
- **Integrated team feedback** to refine the user experience.
